

Starter activities for maths Week 1

Monday

Tuesday

Wednesday

Have a go at 'multiplication wars'.

You can play this with someone else or on your own. Using a pack of cards (uno cards also work!) pick two random cards. First person to multiply them together and write down the correct answer is the winner.

Thursday

Friday

Have a go at 'multiplication demolition'.

Tower up 12 of one item (I used paper cups but you could use lego bricks, a tower of cards, or anything you can think of)

Choose something to throw at it to knock down the tower (I used a ping pong ball)

The amount that you knock down you must find that amount multiplied by your start number.

For example, if I knocked down 4 I would need to work out 4×6 and write down 24.
