

The Paper People Class Photo!

Draw yourself as a paper person: this should be a whole body cartoony self-portrait. Then, send it to me and I will make it into a class photo with everyone else's. Do not include a background, as your portrait will be cut out and arranged with everyone else's. 😊

You will need to print this to draw yourself as a paper person, then take a scan and send it back to me.

In order for this to work, you all need to do it, so have a go and have fun!

If you do not have a printer, the rectangle is 5cm x 11cm.
