

Western Road Community
Primary School

Welcome to Year 4, Willow Class!

This will be the sign on your door:

Welcome to...
Willow Class

Miss Lester
Mrs Bennett
Mrs Allcorn
Extraordinary Learners

Your adults will be:

Miss Lester: Class Teacher →

I will be teaching you four days a week.

Mrs Bennett: Class Teacher →

I will be teaching you one day a week.

← Mrs Allcorn: Teaching Assistant

I will be helping you across the school day.

We're all really looking forward to spending the year with you! 😊

Where are we going to be? What is it going to be like?

You will be just one classroom along the corridor from where you were in Year 3.

We have a bright, colourful classroom. The walls will be filled with your wonderful work as you complete it, proudly on display for all to see.

Every morning, you will put your things on your peg outside the door, then come in to some calming music and a maths, handwriting or reading activity.

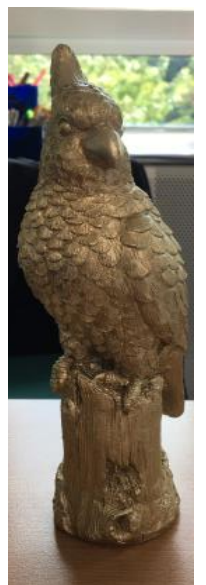

To keep you safe: you will be facing forwards in the classroom. You will have a drawer and equipment just for you, which you will look after. We will be spending lots of time as a class - to make sure we are safe. This means that, for a short while, you will be spending your lunch and break times together rather than with lots of other classes. We will need to make sure we are washing our hands lots through the day.

You will still work in books and we will mark these and leave you merits when you have made an excellent effort! You will still get merits for making good learning choices and being polite, and earn class counters to go towards exciting class rewards like extra break time and class parties.

In our classroom, we also have a very special guardian called Perseverance Parrot. He watches over us all day long to make sure that we are making the right choices. You can earn points for your table for fantastic listening to win Perseverance Parrot as your personal learning mascot each week.

We will have a selection of excellent books for you to read both alone and with an adult in school. We really adore

reading, so we will read many books and have great discussions about them! ☺

We will all volunteer for some class jobs, to keep our classroom busy, tidy and happy. These include being a "friend to all" so that no one is alone at break and lunch times, handing out books and helping Perseverance Parrot to choose which table is tidiest.

Every day, we will do the Daily Mile and some short dance routines to get us moving and keep us healthy.

We have very interesting learning topics this year and I am sure we are going to have a fantastic time!

Have a fabulous summer: we look forward to seeing you in September! ☺
