Dear Parents and Carers,

27th September 2018

As you know, in Year Two the children are currently immersed in our first learning journey: **Fire!**

As part of that learning journey we are going to be designing and constructing our own mini model of London made up of cardboard model houses and bakeries. In order to achieve this, if you have any at home, please can the children bring in any shoe box or cereal box sized cardboard boxes in order to construct their models. We do not need larger or smaller boxes than this, nor do we need any other extra cardboard. Apologies for the short notice, if we have enough boxes by tomorrow (28th September) we can start our project. I will also collect some spare boxes for those who are unable to bring them in.

Once construction is complete, we will be setting fire to our houses to recreate the Great Fire of London. This will be happening on **Thursday October 4th** on the school field and all Year Two parents are invited for this exciting event. I will post the time of the event in the classroom window once it has been confirmed. We will be joined on that day by members of the fire brigade stationed here in Lewes, who will be showing their fire engine and speaking to the children about their work.

Yours sincerely,

Miss Patience
Year Two Class Teacher
