

History

WALT – order Florence Nightingale's life on a timeline

What is a timeline?

A timeline shows certain events in history in order. It sometimes shows the date it happened.

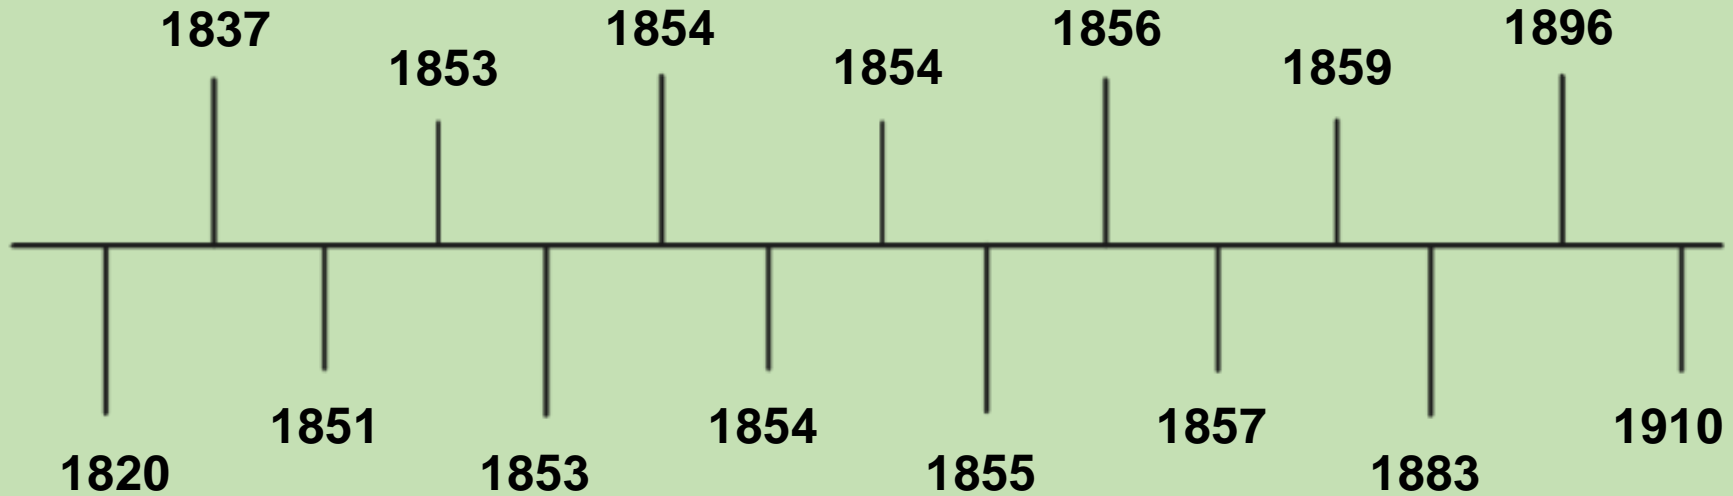

For example...

Can you place 5 things that have happened in your life so far in order on a timeline.

A horizontal timeline is shown, consisting of a solid black line. Five empty rectangular boxes are positioned along this line, each connected to the line by a short vertical line. Three boxes are located above the timeline, and two are located below it. The boxes are arranged in a sequence from left to right, intended for a user to place five events from their life in chronological order.

Florence Nightingale has 15 important events that happened in her life. Look through the slides to see what they are.

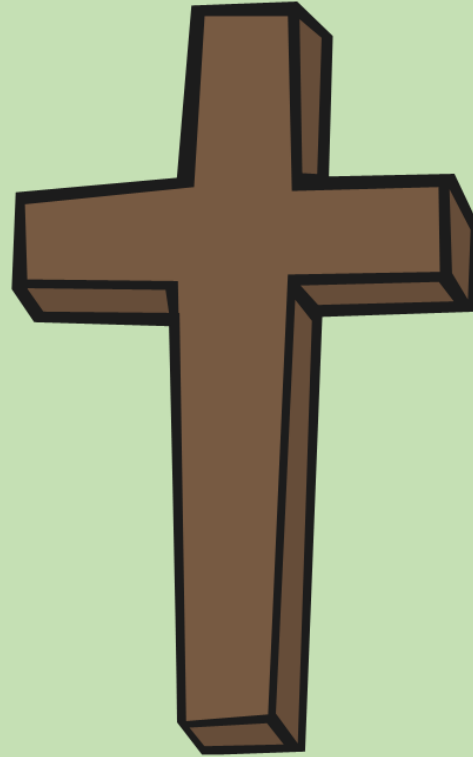

1820

Florence Nightingale was born on the 12th of May in 1820.
