

Daisy's autobiography!

First paragraph: when/where I was born, full name, and what I look like.

My full name is Daisy Rose Johnson and I am 8 years old. I was born on 12th May 2012 in a hospital in Liverpool. It was very cold when I was born so my dad had to bring extra clothes for me to the hospital! I have got long brown hair which I usually have in plaits, and I have brown eyes too. I need to wear glasses sometimes, which I like because they have cool rainbow frames. Unfortunately, I am not very tall, but hopefully I will get taller when I get older!

Second paragraph: all about where I live and my family/pets

I still live in Liverpool (where I was born), in a small white house on St Bernadette's Street. In my house, I live with my mum, who is called Claire, as well as my step-dad, Harry. My mum works in an office as a receptionist and Harry is a photographer.

My older sister lives with us, too. She is 15 and her name is Dorothy. My dad is called Robert (he is a writer/journalist) and he lives a few roads away from my sister and I with my step-mum, Hannah and their new baby, Luke (he is only 6 months old!) We see them every other week. I also have all my grandparents, aunties, uncles, and cousins. I like having a lot of people in my family! I don't have any pets at the moment, but my mum says we might be able to get a dog soon.

Third paragraph - all about school and my friends

I go to a primary school in Liverpool, which is very near to my house. In fact, it's just at the end of my road, and it's also called St Bernadette's Roman Catholic Primary School. I am in Year 3 at the moment and my teacher is called Mrs Andrews. I really like her because she is very kind and reads us interesting stories. Our headteacher is called Mr Brown and he is very funny in assemblies. My sister goes to a secondary school called Highworth which she has to get the bus to every day. She says she has to work very hard there!

My best friends are Joshua, Mary, Nicky, and Grace but I get on with most of the people in my class. My best friends and I are in a secret club and we have meetings every week on the field during Wednesday lunch times.

Fourth paragraph - my likes and dislikes, my fears, and the future

My favourite things to do are: reading and listening to music (I love Little Mix!) I also really like playing football, and I do football club after school on a Monday. My favourite food is my step-dad's macaroni cheese! I don't really like Maths at school because I find it a bit tricky, and I absolutely cannot stand eating any sort of fish! I am scared of the dark and I have to have a special night light, but I am not scared of spiders unlike my sister!

In the future, I would like to be a professional footballer and play for Liverpool! If that doesn't work out, I would quite like to be a writer like my dad.
