

Activity 3: Goals Saved Scores

Write how many goals each mascot team saved as a fraction out of ten. Then, convert each score to a percentage. Give the mascot team points to work out their **shoot-out score**.

Mascot Team	Goals Saved Fraction	Goals Saved Percentage	Shoot-out Score
Mighty Red	$\frac{\quad}{10}$	%	
Monty Magpie	$\frac{\quad}{10}$	%	
Harry the Hornet	$\frac{\quad}{10}$	%	
Sammy Saint	$\frac{\quad}{10}$	%	

Points:

1st – 19 pts

2nd – 16 pts

3rd – 13 pts

4th – 10 pts

In the case of a tie the same amount of points can be awarded to more than one team.
For example: If two teams come in second place, award both teams 16 points
