

Easter egg paper weaving

You will need:

- Easter egg template
- Coloured paper
- Scissors
- Glue

Instructions:

1. Print out the template and then cut out the eggs.
2. Fold along the middle grey line, make sure the side with the printed line is on the outside.
3. Cut along the dashed lines and then unfold.
4. Cut your coloured paper into thin strips.
5. Weave the strips between the strips on the Easter egg template.
6. Once all the gaps are filled, glue them to the egg at the ends.
7. Trim off the excess strips of paper and decorate the rest of the egg if you'd like to!

You could also make a fish, the instructions are here: <https://www.easypeasyandfun.com/fish-paper-weaving-craft/>
