Once upon a time in a land far away there lived a young, energetic girl called Susie. She was always going on adventures with her twin brother Tom. They had lots of fun together every day! They lived with their beautiful mother in Lewes. The whole family loved it there because there were so many shops around. Susie and Tom's favourite shop was the amazing sweet shop at the top of the town! It sold the most delicious sweets.

Have a look at your plan. What happens in this part of your story?

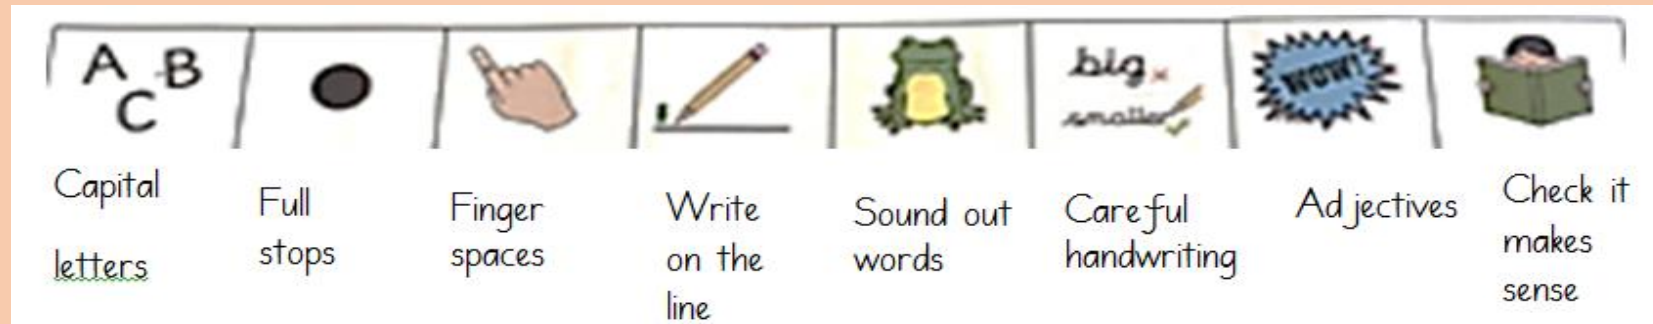

Jack gets the beans by selling Daisy the cow for his mother.

Susie and her brother go to a sweet shop in town and buy lots of jelly beans! They get to the bottom of the pack and find some black beans! They don't want to eat them so they throw them on the floor in their garden.

Here is my example...Use the checklist to mark it

One gorgeously sunny Sunday Susie, Tom and their mother all went in to Lewes town to look in the shops. their mother gave them £5 each! “Wowthanksmum!” they both shouted. SUSIE Knew eXactly where she wanted to spend her money. The sweet shop! So that it where they went. She spent a long time deciding which sweets she wanted but in the end she chose sum multi-coloured jelly beans. The shopkeeper wrapped them up in a bag for her and she gave him her money. Susie could not wait to get home and eat her sweets, she had a massive smile on he face all the way home.

Can you write the next part of your story all the way up until your character climbs the bean stalk?

Use the checklist and the word mat again. Don't forget to try and use 3 words that end with ly. Leave a line after your opening to start a new paragraph.

a massive beanstalk in
