

# LITERACY

WALT – change parts of the story

WALT – use adjectives to describe

The characters in both stories find themselves in a dream world

Can you draw a picture of your own dream world?  
What will it look like? What will you be able to see? Who  
will be there?

# Can you write a paragraph explaining your dream world using adjectives?

Example –

It is a golden sunflower field. The sun shines brightly down kissing your skin. It is warm and the air is fresh. The sunflowers tower high above your head about 10 meters tall. They are a gorgeous yellow colour. There are hundreds of colourful, small butterflies dancing in the sky. At the end of the field there is an opening to a huge, green field where there are huge rabbits the size of elephants!
