

Describe this 3D shape.

This shape is a _____.
It has ____ faces.
It has ____ edges.
It has ____ vertices.

Raj has a 3D shape, he says,

One face of my 3D
shape is a square.

What could Raj's shape be?

Milly says,

All 3D shapes are
prisms.

Do you agree with Milly?
Explain why.

What is the same and what is different about these two
shapes?
