

Ways to Support Your Child

- Reading books your children may not always choose, sharing a variety of stories and information texts to broaden their reading experiences.
- This term we are going to be focusing on the features of a story namely, characters, settings and problems that occur in stories. We are going to have a working wall in our literacy area that the children can add to. If you read a story at home the children are welcome to add these stories to the working wall.
- We are going to focus on the children using their mathematical knowledge in everyday problems so they can recognise the importance of maths day to day. We would love to hear about mathematical problems and puzzles your child solves outside of school.
- We will be learning about the events and buildings that are from the past. Sharing your past with your children would support them understanding how different aspects of the world has changed.

Fantastic Stories!

Our Learning Journey for Term 5 is 'Fantastic Stories'. In this leaflet we have set out what we intend to cover for this term, although this may change at any time according to the needs of the children.

Key Texts:

Room on a Broom- Julia Donaldson
Zog- Julia Donaldson
Smartest Giant in Town- Julia Donaldson
George and the Dragon -Chris Wormell
The Trouble with Dragons- Debi Gliori
