

ART 4

WALT – observe and describe animal prints/patterns

Have a look at these animals. Describe what they look like to someone else in your house. Can they guess what animal you are describing?

Zebra

Leopard

Alligator

Snake

Tiger

Butterfly

Animals come in all shapes, sizes, colours and patterns!

What patterns can you think of?

Animals come in all shapes, sizes, colours and patterns!

- Stripes
 - Spots
 - Bright colours
 - Waves
 - Dark colours
- etc

Why do you think these animals have these patterns/ colours?

Some animals use their patterns for...

- Hiding/camouflaging from predators
- Hiding from prey
- Attracting mate
- Some animals are different colours depending on if they are male or female
- Keeping them warm or cool

Can you draw the correct patterns on each of the animal outlines?
