WALT – WRITE AN INTRODUCTION TO OUR NON FICTION BOOKS

# Our books are going to be about wild animals!

# First we need to know...

## What is a wild animal?

- A **wild animal** is an **animal** that is, well, **wild**. This **means** that it isn't tame and it lives on its own without any help from people. A **wild animal** finds its own food, shelter, water and all its other needs in a specific natural habitat.

Can you make a list of all the wild animals you can think of?  
Have a look on the internet or in a non fiction book to help you.  
We will be writing about 5 animals that you will research and find out information on.  
Choose 5 animals that you are going to write about in your book.

# PAGE 1 – INTRODUCTION TO THE BOOK AND WHAT IT IS ABOUT

Before we start even writing about the animals we need to tell the reader what the book is going to be about and what wild animals really are.

Here is my example...

This is a book all about wild animals! It will tell you all of the information you need to know about some of the world's most amazing creatures. These animals live on their own without any help from humans and this book will tell you how they find their own food, water and shelter.

This book will focus on 5 fantastic wild animals that live and survive in England.

# ACTIVITY

1. Can you draw a front cover for your non fiction book?
2. Can you come up with an exciting name for your book?
3. Can you write the first page introducing what your book is going to be about and what 5 animals you have chosen?

I have attached a template – You do not have to use it.
