

**The annual sponsored bike ride**  
organised by Green United  
in collaboration with Cycle Lewes and Dr Bike Lewes and supported by  
Lewes Town Council and the Railway Land Wildlife Trust

Our last four sponsored inter-school bike rides have raised a total of £2,550 for servicing bikes in Lewes and Zambia, *Surfers Against Sewage* and *Love Our Ouse*

**Butt** this year the Green United Youth Board want to raise awareness of the dangers of **cigarette butts and filters**. They will use the money to pay for professional stickers and posters designed by them and for better designed bins.

Here is an example of a better designed bin

Butts and filters are the largest form of pollution in the world

The 9-mile return trip from Lewes to Rodmell will take place on **19<sup>th</sup> July 2026**

Return route is the same but going North.

Start and end at Linklater Pavilion on the Railway Land.

The next few slides show main points of the route

In Rodmell we plan to have cakes and drinks at Rodmell Community Hall - tbc

**Our starting point.**  
**Registration from**  
**1:15 p.m. for a 2:15**  
**p.m. start**

A narrow dirt path winds through a wooded area. The path is flanked by dense vegetation, including tall grasses and leafy plants on the left, and a thicket of bare, dry branches on the right. In the distance, two people are walking away from the camera on the path. The scene is brightly lit, suggesting a sunny day. A red text box is overlaid on the lower right portion of the image.

**Best to walk your  
bike down this  
narrow section  
after the signal box**

A photograph of a road junction. A paved road on the right leads to a junction with a dirt/gravel road on the left. A dark green SUV is parked on the right side of the paved road. In the background, there is a fence with some signs, bare trees, and a clear blue sky. A large yellow arrow with a black outline points from the bottom center towards the left junction. Text is overlaid on the right side of the image.

**Turn left into  
Ham Lane  
keeping an eye  
out for cars.  
There will be  
warning signs.**

A paved asphalt road curves to the left. On the left side of the road, there is a large pile of dry, tangled branches and some green grass. In the background, a fenced area with a gate is visible, likely the recycling center mentioned in the text. A yellow arrow with a black outline points from the right side of the road towards the left, indicating the direction to turn. The sky is clear and blue, and there are many trees without leaves in the background.

**Turn left again  
towards the  
recycling centre**

**And then bear  
left again on to  
the Egrets Way**

**Go carefully on tight bends and then under the by-pass**

**Gates will be open for you and cycle steadily along this long section by the river.**

**Turn RIGHT when the all-weather path comes to an end.**

**Watch out for potholes but  
enjoy being in the Ouse valley**

**There will be warning signs for cars but go carefully through the main street in Rodmell.**

**This will be your busiest section for 200 yards**

**Turn left to the Village Hall  
and you will be shown where  
to park your bike carefully**

The last four sponsored rides raised money for various other causes such as bicycle safety training and Love Our Ouse but this year the Youth Board has decided to raise money [for one of their recent Big Asks concerning cigarette butts.](#) Money raised will go towards professional stickers and posters designed by the Youth Board members and towards bins that store butt ends better as shown in their presentation.

This year the 9-mile return ride, organised by Green United in collaboration with Cycle Lewes and Dr Bike Lewes, will take place on 19th July starting at the Linklater Pavilion at 2:15 p.m. and arriving at Rodmell Community Hall at around 2:45 – 3:00 p.m, where cake and biscuits will be provided before the return to the Linklater Pavilion arriving around 4:00 – 4:30 p.m.
