

Term 1 Homework Grid – Ancient Greece

Here is the homework grid for Term 1. Each week, choose one homework task from the grid. There are more tasks than weeks for the term, so please don't feel that you have to complete them all! I would love to see your homework and share it in school, if you would like. This homework should be completed alongside spellings and Maths homework.

Maths Who was Pythagoras and how is he linked to maths? What is Pythagoras' Theorem? Make a poster with diagrams to present your findings.	D&T Make a model of a Greek Temple. What materials would be best to use?	Geography Research a modern Greek island and make and write a postcard to someone, telling them all about your imaginary holiday there.	Music A Classy Cardboard Lyre (Education at the Getty) Have a go at making your own Ancient Greek lyre out of cardboard. Can you play better than Apollo?
Computing Research the Antikythera machine. What is it? Why is it so impressive?	History Choose your favourite Greek God and write a fact file all about them. Don't forget to include a picture/drawing of them!	Reading How many books can you read this term? Keep a reading diary to record them all!	Art Create and draw your own mythical monster. How terrifying can you make it?
Writing Write your favourite Greek Myth as a comic strip.	Science Make a "heart-boosting" smoothie using ingredients which help our hearts to function.	PE Research Olympic sports and create a poster all about the one you would most like to do.	Wildcard Design and create your own project relating to Ancient Greece or the Circulatory System.
